JULY FOURTH  
HILO MEET

Hilo Jockey Club, Hilo, May 14, 1907.

Editor Advertiser: Enclosed herewith find copy of program for the Fourth of July races, which have the following changes from what you have been running in our advertisement.

At Hilo, Hawaii.

Football Game—C. C. Kennedy Cup, One Mile Luna Race.

The nominations for the Merchants' Stakes, 1 1/4 mile race, closed this evening with the following nominations:

Name of Horse. Owner.  
Lazell.....John O'Rourke  
Claralo.....John O'Rourke  
Racine Murphy.....Chas. David  
Philip.....F. Brughelli  
Bruner.....L. Pettie  
Lucrace.....W. H. C. Campbell  
Rolla.....G. J. Richardson  
Tamalan.....R. A. Young

Hawaiian bred were nominated by the following owners: Geo. C. Beckley, Geo. Menden, Kealia Stables, Volcano Stables.

The above list of nominations certainly looks good to the Hilo Jockey Club, and we expect, with this race for the principal event to have the best meeting held in the Hawaiian Islands.

The track is being put in excellent condition, and some of the horses are at the track in training at this early date.

I noticed in your paper sometime since an article which said that the Hilo Jockey Club should soon come forward with a definite statement, in regard to the \$1000 purse.

The Hilo Jockey Club have advertised that they guarantee the value of this purse to be \$1000, and I fail to see what more definite statement we could make.

If all of the twelve nominations declare on July 17th, the value of the purse will be in the neighborhood of \$1700.

If only four of the nominations declare, the guaranteed value \$1000 goes, and there will be \$300 added to the value of the purse for each horse over four that is nominated.

This program should induce a large number of the good people of Honolulu to visit us on the Fourth and celebrate in the good old way. No doubt the Kinau, which arrives in Hilo the day before the Fourth and leaves the day after will make excursion rates for that trip.

Thanking you in advance for a good write up on the above data, I am,  
Yours very truly,  
J. D. EASTON,  
Secretary Hilo Jockey Club.

MONSARRAT SAYS  
DESHA WILL PLAY

"Doc" Monsarrat said yesterday that Eddie Desha had signed the Diamond Heads list but no other.

Desha himself admits that he signed to play with the Heads but states that he did this some time before the amended rule of the league went into effect. This rule became operative on April 17 and provides that if a man signs with one team he must play with that team or not at all.

Unfortunately there is no date to Desha's Diamond Head signature. Desha says that it was made before April 17 while Fernandez claims that it was made later than that date. The thing therefore practically simmers down to a question of personal veracity, with the burden of proof on the Diamond Heads.

The protest in the matter read as follows:

Honolulu, May 11, 1907.  
To the Captain, Punahou Athletic Club:  
Dear Sir: I hereby protest against the playing of Ed. Desha with the Punahou Athletic Club, he having duly signed to play with the Diamond Head Athletic Club.

Yours truly,  
ED. K. FERNANDEZ,  
Manager and Captain.

The action of the trustees in the matter is now awaited.  
"We intend to play Ed. Desha right along," said Monsarrat, "even if we lose the championship by so doing. The public wants to see Desha play and we are out to please the public."

BEGINNERS ARE  
SCORING WELL

Every day of the week from fifteen to thirty enlisted men of the National Guard may be seen at the rifle range at Kakaako practicing for the competition which is to commence on July 18th next, and judging by some of the practice scores made many marksmen's bars and sharpshooters' medals will be won. In addition to the silver bars and medals cash prizes have been offered as appears by the following order:

National Guard of Hawaii.  
The Adjutant General's Office.  
Honolulu, T. H., May 15th, 1907.  
General Orders No. 17.

The following information is published for the information of contestants in the Territorial Rifle Competition to commence July 18th, 1907.

## PRIZES.

In addition to the Marksmen's bars and Sharpshooters' medals which will be given to all those qualifying in such classes a cash prize of \$10 will be given to each enlisted man of the National Guard of Hawaii who qualifies with any one of the fifteen highest scores made in such competition.

By order of the Governor.

JOHN W. JONES.

Colonel and Adjutant General, Territory of Hawaii.

Some of the men who have never qualified before this year on the range will give some of the old hands a close rub to get place if the following scores made yesterday afternoon are any criterion:

Scores made at Kakaako range by the enlisted men of the National Guard of Hawaii, May 15th, 1907:

At 300 yards.  
Privt. L. A. K. Evans, Signal Corps—5 4 4 4 5 4 5 4 4 5—44

Privt. Lono Mitchell, Company F—5 5 4 5 4 3 3 4 4 4—41

PROTEST STILL  
UNACTED UPON

It was talked around town yesterday that the Honolulu Baseball League has decided to hold up the Diamond Heads' protest filed last Saturday relative to Eddie Desha having signed to play with two teams. The reason given is that the league can't be bothered with petty protests.

If the league has taken any such stand, and it is hard to believe that it has, the best interest of baseball will suffer. The Desha matter is one which, if ignored by the league, is almost certain to crop up again with other teams. The affair should be thoroughly threshed out and definitely settled one way or another, and that as speedily as possible.

HAMPTON SIGNS  
WITH DIAMOND

Bill Hampton, the clever pitcher, who won many games for the Elks has returned from Maui and has signed with the Diamond Heads.

He will play for the Jewels against the Kama on Saturday, Sam Davis doing the catching.

The Diamond Heads' infield will be: W. Chillingworth, 1b; Major Van Vleet, 2b; Leslie, 3b; Gorman, ss.

These changes will undoubtedly make the game a very interesting one.

There is a good deal of speculation as to who will win the St. Louis-Punahou game on Saturday. Both teams will be the same as last week. The batteries will be:

Punahou—J. Williams and Ringland.  
St. Louis—P. Burns and Bruns.

Work on the new athletic grounds for Oahu College is well under way and the only amphitheater in the Pacific ocean will soon be the scene of the football and baseball games of the young athletes of Punahou. The trees which were on the site selected have been cut down and the work of grading has been commenced. When completed the grounds will be by far the best in the Territory.

HEAVY BOOKINGS  
ON THE STEAMERS

A number of interesting matters were brought before the Hawaii Promotion Committee at the meeting held yesterday afternoon. Secretary Wood made his usual weekly report showing the work which had been done and read a number of letters which were of special interest. Among these was one from General Passenger Agent A. G. D. Kerrill, of the Pacific Mail Steamship Co. in which it was stated that the prospects for travel across the Pacific from now on were unusually good and that the advance bookings were very heavy. From this fact Mr. Wood stated it seemed likely that many more tourists might be expected to visit Honolulu during the present season.

A letter from Loyd Childs, the agent of the Promotion Committee in Los Angeles, was read in which he stated that he expected that the moving picture films, which were taken by Bonine when here last year, would reach Los Angeles soon and that he was planning two entertainments which would be given with them. The first would be one to which the members of the Chamber of Commerce and their friends only would be invited and the second would be on the next night and would be open to the general public. He stated that he had arranged for the Hawaiian Glee Club to be present and Hawaiian songs and stereopticon pictures would be scattered through the program.

In another letter Agent Childs told of the reception which was given to the Honolulu Shriners when they reached Los Angeles. He had made special arrangements with Abbott Kinney, the manager of Venice, where the Hawaiian boys under Solomon Moses are playing, to have them come to the station and greet the travelers. A special car was ready for the Shriners and with Hawaiian music to tell who they were. Col. Johnson and his party rode to their hotel in state.

Secretary Wood's report was as follows:

Honolulu, May 16, 1907.

Chairman and Members of the Hawaii Promotion Committee.

Gentlemen: Our last lot of newspaper clippings indicate that the copies of our local papers, containing special items of information, which we are sending out from time to time to the editors of a selected list of papers on the mainland, accompanied by circular letters, are being widely quoted, some of the papers being kind enough to insert a local suggestion to their readers that they write to the Promotion Committee for information about Hawaii.

The general passenger agents of the leading transcontinental railroads write that in compliance with our request they have already given instructions to have their agents furnish us with the names and addresses of all prospective Pacific Coast passengers this coming fall in time to give us an opportunity to reach them with our folders before they leave home.

By the Alameda, sailing May 22, we will send some of our enlarged photographs to San Francisco, placing one in the Fairmont Hotel and others in the general passenger office of the Southern Pacific and Santa Fe Railway.

A letter from Patten, Mackenzie & Co., commission merchants, of Yokohama, Japan, states that they have set apart a room for the convenience of visitors from Hawaii and elsewhere, which they have named Hawaii Promotion Room. The letter also states that both Mr. Patten and Mr. Mackenzie can be depended upon to do their utmost to influence travel to Hawaii.

We are very fortunate in having with us, as a member of the Congressional party, Senator Piles of Washington, who is deeply interested in all that pertains to Seattle's welfare and is very anxious to bring about closer trade relations between that port and Honolulu.

The following letters are of interest in this connection:  
Mr. H. P. Wood, Secretary, Hawaii Promotion Committee, Honolulu, Hawaii.

Dear Sir: Your favor of April 11 received and carefully noted.  
In this connection I hand you a letter from Mr. C. B. Yandell, secretary of the Chamber of Commerce, which is self explanatory. During the summer we will take the matter up along the lines suggested in your letter.

With regards, I am, very truly yours,  
(Sik.) I. A. NADEAU,  
Director General, Alaska-Yukon-Pacific Exposition.

I. A. Nadeau, Esq., Director General, Alaska-Yukon-Pacific Exposition, City.

Dear Sir: Referring to your letter of April 22, containing enclosure from H. P. Wood, Esq., secretary of the Hawaii Promotion Committee, with reference

DUNNE TALKS  
FOR TWO DAYS

J. J. Dunne has been speaking two entire court days, comprising four sessions of two hours each, in support of the demurrer to the bill in equity of Carrie B. Riggs against Julia H. Afong and others, to declare a trust in deeds of property made by C. Afong to the principal defendant.

At 4 o'clock yesterday afternoon Mr. of the deeds and the law bearing upon their construction, also the rights of the case as revealed by the conduct of the parties. He quoted law to show that where a husband unconditionally left everything to his wife it was presumed that he had entire confidence that she would do right by the child—Dunne asked for indulgence until 5 to finish his speech, but the other attorneys objected to staying later and Judge Robinson had an engagement at 4:30. The court continued the case until 10 o'clock this morning. Mr. Dunne promising to conclude his remarks early in the session.

Mr. Dunne discussed both the merits and stress was laid on the assertions that Mrs. Riggs had left the parental roof, having been properly supported by her mother before, and that the conduct of the three parties—the complainant, the trustees and Mrs. Afong—for sixteen years was such as to imply complete acquiescence in Mrs. Afong's independent control of the estate under the deeds.

## CELEBRATED CASE ENDS.

Joseph O. Carter by his attorneys, Kinney, McClannahan & Derby, discontinued his action on judgment against Koolau Malle and her three children, the Kalkinahahe minors, in which the trustees under the will of S. C. Allen are named as garnishees.

The judgment sued on was for restitution of certain property at Kawaiahae, Honolulu, and for \$3250 damages. It was stated in the complaint that restitution of the property had been made but not payment of the damages.

The main controversy has been raging in the courts for years. It began with a foreclosure of mortgage given by S. C. Allen, the present chief of defendant's first husband, to the late S. C. Allen. J. O. Carter was the purchaser at the sale but was resisted "with force and arms" on attempting to take possession. An incident in the affair was a start made to demolish the house over its defender's head.

## THREE COUPLES DISJOINED.

Judge Robinson granted a divorce to Abbie Manawa Station against E. L. Staunton on the ground of desertion. W. C. Achi for libellant.

Judge Robinson granted a divorce to George Keola against Keapuni on the ground of desertion. W. C. Achi for libellant.

Judge Robinson granted a divorce to Mary Muniz against Frank Muniz on the ground of habitual intemperance. Custody of the two eldest minor children was given to the father and that of the youngest child to the mother. S. F. Chillingworth for libellant.

## MILLS TURNED DOWN.

Judge Robinson denied the motions of Harry T. Mills to set aside the orders dismissing his suits against A. F. Clark and C. A. Hering, respectively.

to the outlook for an excursion from this city to the Hawaiian Islands, in the near future, I beg to advise you that in my judgment such an excursion can be arranged for and successfully conducted.

It is my opinion that the most propitious time to hold it, however, would be in midwinter, at a time when we could offer business men a trip that would transport them into a land of sunshine and warmth.

With sufficient encouragement from a few representative business men, I shall be glad to undertake to arrange the details of such an excursion, to be limited to, say, one hundred and fifty persons on board a specially-chartered steamship, covering an itinerary of approximately thirty days.

Tentative steps were taken to arrange for this excursion last winter, and it was found at the last moment that it would be impossible to charter a vessel adapted for this purpose, so that the plan was for the time being abandoned.

Senator Piles, who is shortly to visit the islands, has kindly consented to work up a sentiment in anticipation of such an excursion to be given under the auspices of this Chamber, and upon his return I believe he will give out an interview for the benefit of Seattle business men which will result in a prompt response whenever this Chamber sees fit to announce its excursion dates.

I herewith return Mr. Wood's letter addressed to you. Yours very truly,  
(Sik.) C. B. YANDELL,  
Secretary, Seattle Chamber of Commerce.

Respectfully submitted,  
H. P. WOOD,  
Secretary.

NEW PASTOR FOR THE

By the congregation of the Christian Church a call has been extended to Mr. A. C. McKeever of Fresno, California, to succeed Mr. G. D. Edwards, whose resignation was tendered and accepted to permit a return to the mainland, for the purpose of entering a special work to which he had been called.

Mr. McKeever has been for several years pastor of the Christian Church at Fresno, one of the largest in the city, and one of the largest of that denomination in the State of California. He has served a long term, ably and well, the State organization for missionary effort, as its president, and for some time past has been chairman of the examining board of the Bible Seminary located at Berkeley.

He is a man of large experience, a vigorous intellect, strong in character and loyal to the cause he advocates, and wherever known from East to West of the mainland, has been esteemed a wise counselor, a sympathetic friend, and a citizen keenly alive to the public welfare of the community in which he may elect to reside.

He will come to Honolulu not entirely as a stranger, having been known for years not only to some of the members of the local church which he comes to serve, but to a few in other organizations as well.

## BEEKY IN COURT AGAIN.

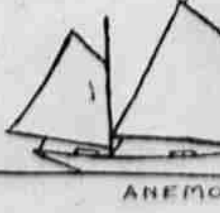

Rebecca, Pance Hamcku, the spend-thrift whose affairs were the subject of much litigation in past years, has a new matter in court. Richard H. Trent, guardian of her person and property, has petitioned for authority to execute a lease of her Maunaloa street property, containing an area of 2356 square feet, to Pang Lam Mow for twenty years at a monthly rental of \$20. The proposed lease agrees to erect at once on the lot a building to cost not less than \$1000 and to keep it insured for the benefit of the lessee in a sum not less than \$2000. The proceeds of any insurance collected to be used for the purpose of rebuilding, and the lessee to pay all taxes, water rates and assessments of every kind. Formerly a rental of \$50 a month was derived from the premises, but for more than eighteen months past they have been unoccupied. In the opinion of the petitioner this offer should be accepted as being in the best interest of the ward and the estate, but in view of the large rental heretofore received for the premises he is desirous of obtaining the approval of the court before entering into the lease now being negotiated with Pang Lam Mow. R. H. Trent is attorney for petitioner.
